## ***GUESS WORK GUEST WORK*** David Berridge & Compulsive Holding

Nov 4th - Nov 28th 2009

Private View: Wednesday November 4th 6:30 - 8:30pm

*WRITING EXHIBITIONS*: Friday Nov 27th, 10.30am - 5.30pm

Beginning with a misunderstanding, *GUESS WORK GUEST WORK* became a notebook, a file endlessly updated, a form of notation and script, an installation, an event, a soundscape, an invitation to other artists, and continues to mutate. In the process, curatorial practice merges with a poetic-literary-artistic practice, and a history of exhibition making becomes absorbed into handwriting and conversation, to new, uncertain and possibly conflictual ends.

*GUESS WORK GUEST WORK* comprises a performance-installation of the script by David Berridge and *TOOTHBRUSH PROJECT* by Compulsive Holding.

The project also includes *WRITING EXHIBITIONS*, a one day lab on connections on writing and exhibition making, Friday Nov 27th, 10.30-5.30pm.
